**Subject:** #SCneedsUber

Dear Sir,

I live in the Myrtle Beach area and frequently use Uber to get to and from the airport. The service is dependable, the cars are clean and the drivers are curious and professional. Furthermore the fare is about \$30 less per journey than using a taxicab. I would like to continue using Uber and I would ask that ridesharing in general, and Uber in particular, be allowed to continue in SC.

Thank you

Subject: UBER

To whom it may concern

Your move to cease and desist UBER is negatively effecting safe rides in South Carolina. Consumers will not stand for this and continue to support UBER and uber customers.

Subject: My rights

It is my right to choose what services I use. Uber provides an exceptional service. My "government" should be more concerned and worried about other issues in our country than a simple "upgraded" taxi service. I fully support Uber.

Subject: Uber

To Whom it May Concern;

I am writing to voice my opposition to your trying to stop Uber from operating here in South Carolina. I currently drive for Uber and enjoy the opportunity it provides for me. It allows me to work around my other job and gives me the extra money I need to help take care of my family. Taking this away from me and other drivers I know, who also depend on the extra money, would negatively effect out financial security. We are also providing a valuable service to our community. I get awesome feedback from my riders who are so happy with our service. I understand why cab drivers are getting upset but they have not been doing a great job. Competition should improve everyone, isn't that the American way!!

Thank You,  
Stephen DeCasas
